ATTORNEY GENERAL
BILL SCHUETTE'S

Senior Brigade

National Safety Month

*Each of our Senior Brigade presentations focus on the importance of being **AWARE** when it comes to keeping you and your loved ones safe. Within the next two pages, you'll find additional safety tips and recommendations.*

Each year, in the United States more than 30 million people are treated for injuries in emergency rooms.

The good news? Many of these injuries are the result of accidents that could have been prevented.

This June, take the time to learn about the top five risks, and how you can help reduce the risk of these safety issues.

1. Slips, trips and falls
2. Prescription
3. Painkiller abuse
4. Ergonomics

5. Emergency preparedness

6. Transportation

Additional information on National Safety Month can be found through the National Safety Council.

Do you know where you are? Your phone does!

For those of you needing help keeping track of personal items, you're in luck. Google can now help you find your Android smart phone. Simply Google "find my phone." For security purposes, you will need to sign into your Google account. Once Google "finds" your device, you have the option to have Google "Ring," "Lock," or "Erase" data on the device. It's just that easy!

However, all of this convenience comes at the price of privacy. In order for Google to find your phone, you will have had to allow Google access to your locations. Did you know that Google keeps a history of your locations? In your history, you can see up to 30 days worth of locations which also can include time stamps of each stop.

You can review or remove location history by following the recommendations below:

1. Turn off the device's location (GPS);
2. Disable Location History;
3. Delete history from this time period; or
4. Delete all history

Click here for additional location history assistance for Android users. iPhone and iPad users can get location history help through Google support.

Two days this June, families and friends can enjoy one of Michigan's premiere outdoor activities, Michigan fishing, for **FREE**!

All fishing license fees will be waived for Saturday, June 13 and Sunday, June 14. Residents and out-of-state visitors may enjoy fishing on both inland and Great Lakes' waters for many species of fish. Please note all fishing regulations will still apply.

For more information, visit www.mi.gov/freefishing.
